

# January 2020 (Updated) Monthly traffic update

Please note: this release is an updated version of that previously released on 13 January 2020 and now includes data from Statistics New Zealand on arrivals by country of last residence. The rest of the information is unchanged.

**-3.4%** Auckland Airport total passenger volumes decreased by 3.4% in January 2020 versus last year. International passengers (excl. Transits) were in line with last year, transit passengers were down 12.4% and domestic passengers were down by 6.9%.

## Key Points:

- Decline in transit passenger for January 2020 mainly driven by LATAM Airlines reducing its Santiago-Auckland-Sydney service to four per week from daily.
- Decline in domestic passengers for January 2020 mainly driven by Jetstar's withdrawal from regional services on 1 December 2019.
